

Join us for Online Worship @ Home, for Center For Faith and Life, and for Children's CAT Class

As we continue to feel isolated from each other in these challenging times, we are announcing our regular virtual Worship Services. Also, immediately following worship, we will host Connections, a time for our community of faith to connect. Please invite family and friends to join us for Worship. All are welcome.

You will then be prompted to download the Zoom app. When joining the Meeting, please identify yourself by giving your device or phone a name, see below "Your Name". After worship when we have Connections, your name on Zoom will be visible for our group only. Facebook Live ends at the conclusion of worship.

An audio only version of the live Worship Service is available by calling in. The details are below the Join Zoom Meeting, for Audio Version only.

Please note this is a new format and way to worship for all of us, staff and worshipers. There may be technical difficulties or glitches. We will learn together. Tips and Tricks:

- **If you opt in for video**, please be aware you will be seen by all participants. Jesus and Jammies are ok, however please keep it "G" rated. If you opt in for video, please look into your "box" to verify that we can see you and that your face is in the middle of the "box".
- **If you have trouble with either audio or video**, please check your computer/device privacy settings. Allow your audio, video and microphone. Also, allow them when joining the Zoom meeting for worship.
- **You will be on Mute during worship.** - When you join the worship meeting, you will be automatically muted. This means the people in the meeting will NOT hear your voice. This is normally a setting you can control, but as we expect a lot of participation, we are automatically muting all participants. We will unmute the meeting for all to discuss during the fellowship time of Connections.
- **You can participate with just a phone!** - Remember, you do NOT have to have a computer or smart device to hear the audio from Worship or Connections time. You can simply use your phone or cell phone to call the numbers above and follow the prompts.
- **Zoom Best Practices**
 - The participants picture box is highlighted when they are speaking.
 - Because of audio feedback, only one person should speak at a time. Muting when you aren't speaking. Unmute when you want to speak.
 - Gallery view is in the upper right corner, but that will only be useful when we are in the fellowship time of Connections. Our host, Chris, can explain that during the actual event.
