Conferences

Nursery School conferences will be held in late February or early March. Your child's teacher will coordinate dates and times for a personal conference. Conferences will be held while students have regularly scheduled class that day.

Please talk with the teacher if you have questions or concerns before that time.

Nursery School Kindness Project

The Nursery School staff and students are invited to help make hospital days brighter for children at Reilly Children's Hospital.

We will be collecting new Squishmallows. They can be a variety of sizes but must be new with tags. They can be found at Wal-Mart, Five Below, Amazon, etc. We appreciate your support.

2026-2027 Registration

Limited openings remain for 2026-2027 school year. Encourage a friend or neighbor to call for a tour. A promotional credit is currently being offered for referrals.

Original Works Keepsakes

We are excited to announce that we will be partnering with Original Works art-based fundraising!

Students will create artwork that you then can have reproduced onto a variety of keepsake products. The products range from magnets to mugs and start at just \$7.00.

As part of this program, your child will bring home a preview magnet featuring their artwork. The preview magnet may be purchased, or returned without obligation. If you would rather not participate in the program, please return the Opt Out form to your teacher.
