#### **Connect to God – Faith Practices: Theology as a Spiritual Discipline**

Theological reflection can be a spiritual discipline. At first, this assertion may sound strange because we are accustomed to the accusation that theology is merely an intellectual exercise, a technical procedure, with little input from or into daily life. However, theologians of ages past and present do not distinguish between theology and spirituality. Most have spoken of theology being intimately embedded within their life of prayer, worship, and communal relations. They have been theologizing on an array of life's experiences, being preeminent among those matters of faith and service. United Lutheran Seminary Professor Nelson Rivera will lead us in this practice.

#### **Connect to the Generations – Pentecost Intergenerational Event**

We will learn together through hands-on activities about this important time for the church. The Holy Spirit is at work around and among us. Please set aside time not only to learn, but to be in conversation with all members. At 9:30, we will begin with some instructions on what will be taking place and how you might help guide this session. We will all worship together at 9:45 during Family Worship, then return to the Fellowship Center for guided small-group conversation and activities.

#### **Connect to Community – PA Warrior Project**

Join us as we hear about the mission of the Pennsylvania Wounded Warriors, which is to help restore our veterans to good physical, mental, and emotional health. Pennsylvania veterans have served in every conflict. Many are recovering at military hospitals, Veterans' Administration medical facilities, or with their families at home, and need support.
